Design of Lantern for Penang Global Tourism Booth

Baba-Nyonya or Peranakan Chinese are early immigrants from China. They openly adopt local beliefs and practices and form a unique and unique culture. Peranakan culture in Malaysia can be found in Penang and Malacca, but Peranakans in Penang are different in some respects from their counterparts in Malacca.

Our designers will use the above ingredients to bring traditional Baba & Nyonya to the Penang Global Tourism booth for ITB Asia 2019.
