THE HABITAT PENANG HILL

The Habitat Penang Hill Bukit Bendera 11300 Penang Malaysia

<https://thehabitat.my/>

The Habitat Penang Hill offers the most complete and educational Malaysian rainforest experience and is located less than 10km from the UNESCO World Heritage Site of George Town in Penang. Explore their 1.6km Nature Trail which is steeped in history as it was first built in the early 1800s by the British East India Company on the edge of a forest reserve protected since 1911. Take in the sights and sounds of the rainforest from Langur Way Canopy Walk 40m off the forest floor. Revel in the 360-degree views of Penang Island and the mainland from Curtis Crest Treetop Walk that allows you to see just how important Penang's forests are to the health and well-being of urban Penang both as a source of water as well as a green lung. Finally, experience the rainforest from the air with the Flight of the Colugo zip line course which allows visitors to see the rainforest canopy from the perspective of one of Malaysia's most iconic mammal species, the Sunda Colugo and the thousands of other forest species that live in the tree-tops. Visitors will find themselves immersed in the natural beauty of the rainforest, marveling at the beautiful flora and fauna that inhabit this natural sanctuary including species such as the Dusky Leaf Langur monkey, Racquet-tailed Drongo bird, the flying Draco lizard, numerous species of wild butterflies and other ancient rainforest giants such as the Damar Minyak (*Agethis borneensis*) and Rhu Bukit (*Dacrydium elatum*) conifer trees. In short, The Habitat Penang Hill is a nature experience not to be missed when visiting Penang."
