**Preliminary Proposed Budgets for**  
**Landmarking Farlim/ Paya Terubong with Small Fun Street Art**

Location : **Farlim/ Paya Terubong**

Aim : **To place-make and rejuvenate Farlim/Paya Terubong neighbourhood into an attractive visiting place by injecting creative fun and interesting small-scaled street artworks towards making Farlim/Paya Terubong another visiting spot for fun street art hunting.**

Objectives :

- To place-make **Farlim/Paya Terubong neighbourhood** into an attractive visiting place by injecting creative, fun and interesting small-scaled street artworks towards creatively revitalise the neighbourhood as an attractive and fun visiting site for Penang locals as well as for visitors.
- Landmarking the surroundings within Farlim/ Paya Terubong neighbourhood by adding in some attractive and fun artistic element -- turning it another must-visit attractions towards complementing and supporting Farlim/Paya Terubong's tourism and generating spin-off economic activities to Farlim/Paya Terubong and its nearby neighbourhoods.
- Through the relevant and fun artworks that openly showcased and incorporated within the neighbourhood, it creates a friendly and welcoming ambience that could engage the local communities and the visitors towards establishing a 'sense of place'
- To attract routine visits, new visits and revisits to the site, especially to attract the younger generations to visit and take Instagrammable photos for sharing in social media in which will eventually promote Farlim/Paya Terubong.
